JENGGALA™

GINKGO COLLECTION

Aside from its herbal qualities of enhancing the memory, the Ginkgo Leaf has a beautiful shape interpreted as a plate. Jenggala has created the Ginkgo Leaf Collection with two complimentary sized plates based on the shape and texture of the ginkgo leaf. These plates have many possible functions as individual or serving plates on the tabletop, to hold spa products or even as a convenient place for your jewelry, so you remember where you put it.
