TOMOKO KONNO

The very talented Japanese ceramic artist, Tomoko Konno, has been creating a new collection of artwork at Jenggala in preparation for an exhibition coming up in a few months. Winner of numerous awards and recognized internationally, Tomoko's work has a signature style of intricacy, amazing symmetry and attention to detail.

Her work imagines nature or forms from another world, with subtle colors and textures to entice the curiosity. Most of the artwork is decorative, but Tomoko also applies her style to some functional forms. Working with Jenggala's development team, she is using Jenggala's in house materials to bring a new level to her work.
