COFFEE COLLECTION

Coffee is not just a drink anymore, enjoying coffee has become a hobby, lifestyle, even part of the Indonesian cultural heritage. There are many ways to enjoy coffee, varied and unique, with the combination of coffee fragrance and taste in a special cup. Giving a unique experience in drinking coffee, Jenggala's new Coffee Collection is not just coffee cups; but personality. A unique Jenggala signature glaze application gives a personal touch to the classic shapes with accurate

capacity, thick walls to keep contents warm and contours to enhance the taste of the coffee brew. The different impression of wax resist effects gives a texture sensation in the palm of your hand. The boldness and elegant character of coffee represented in the strong colors; red, blue, and black. Coffee collection is designed to become your best companion in drinking coffee with friends, family, or even personal coffee time, also a special gift for the special someone.
