

JAMU COLLECTION

Jenggala has qualified and maintains the strict ISO Quality Assurance System as well as certification of Standard National Indonesia for Food Safe and Chip Resistant quality ceramic tableware.

JAMU COLLECTION

Jenggala pays tribute to the long-time tradition of natural health and remedy elixirs in Indonesia with the Jamu Collection. Jamu has been consumed by many generations for maintaining vitality and health, as well as healing a wide range of illnesses while utilizing only natural herbs, spices, and plants. Although modern medicine is still the main cure for illnesses, people are realizing the benefits and lack of side effects from Jamu and it is growing again in understanding and popularity.

In this theme, the Jamu Collection is a complete Tea Set. The Jamu Teapot shape is inspired by the Javanese Gerabah Kendi water pot and is also accented with the Kawung batik motif. With a fine strainer part of the spout the teapot is perfect for serving loose leaf teas. Accompanying the teapot are complimenting cups, creamer, and sugar bowl items.
